

Help us to reduce speeding in Gt. Baddow

Join a local Community Speedwatch Group to monitor vehicle speeds in this area.

The Community Speedwatch is authorised and instructed by Essex Police and is a great way to help keep the local community safe.

Below are some quotes from the Essex police website.

Roger Hirst, Police, Fire and Crime Commissioner for Essex, has been a Community Speed Watch Volunteer in Brentwood for six years. He said: “I am passionate about improving safety on our roads. Volunteering for Community Speed Watch is a great way of making a real difference in your own communities. The information we can pick up and give to the police to deter people from bad driving really does help.”

“Bad driving – speeding, using a mobile phone, drink and drug driving – kills people and wrecks families and lives. If you want to try and help stop that from happening in your community, join Community Speed Watch.”

Andrea MacAlister, Volunteer Manager at Essex County Fire and Rescue Service, said: “Community Speed Watch is a great way for the local community to support the countywide effort to make Essex Roads Safer.”

“Speeding not only increases the risk of serious injury and fatalities on our roads but is one of the most common concerns in communities.”

“Our Community Speed Watch volunteers do a fantastic job raising awareness of the issue and educating drivers; we are very grateful for their efforts. It is only right that we celebrate their successes during National Volunteers’ Week.”

Full training and guidance is given and this would really help Great Baddow
